Applicant: _____

Proceedings under the Zoning Ordinance require that notice of public hearing be given.

It is the responsibility of applicants and petitioners to supply **ACCURATE** names and **CORRECT** addresses (must have house numbers or P.O. Box numbers, please) of all adjacent and confronting property owners of the PUD Property, as shown in the current County Land Records.

Court decisions indicate that compliance with this notice requirement is essential to justification of the approving body and therefore to validity of its decision. (Attachment of current Dept. of Assessment Data Sheets with that information is acceptable.)
